Dear Homeschool Vendor:

Whether or not, you plan to exhibit at the ENOCH Convention in person, you might want to consider putting something in our Convention Bags.

We understand how difficult it is to have your company represented at all of the homeschool conventions. Your advertising materials are placed directly into the hands of each family attending our annual homeschool convention. The Board of ENOCH works especially hard to attract families new to homeschooling and prospective homeschooling families.

**This is a once-a-year opportunity!**

Because of our commitment to the NJ homeschool community, we are selective in asking companies to participate in this service.

We are determined to include businesses that:

- combine service with sales
- demonstrate character in all visible areas

And to exclude advertisements that:

- use inappropriate or deceptive strategies
- sell objectionable, offensive or inappropriate materials

New-to-homeschool families may not be aware of the resources you offer. Other families search for new resources to supplement or replace current ones. These and other factors make our convention freebie bags one of the most cost-effective direct marketing tools available to you.

Your early and full participation aids us in planning. Thanks for entrusting us with your business.

Sincerely,  
Susan August  
ENOCH Board Member
